Dear hiring team,

I am writing to express my interest in the Frontend Developer position at your organization. I have professional experience in frontend and mobile application development, with a strong focus on React.js, React Native, Next.js, JavaScript, and TypeScript.

Throughout my career, I have contributed to developing responsive, scalable, and user-friendly web and mobile applications across different domains, including ERP systems, financial market analysis, cryptocurrency trading, and school management applications.

My technical expertise includes React.js, React Native, Next.js, JavaScript, TypeScript, Redux Toolkit, RTK Query, Context API, Tailwind CSS, Material UI, REST API integration, Express.js, and MongoDB. I also have experience working with real-time data communication using Socket.IO, reusable component development, state management, and frontend performance optimization.

Some of my key project experiences include developing ERP application interfaces, Indian Trading Analysis applications, cryptocurrency trading application features, and school management systems. These projects have helped me strengthen my problem-solving abilities, understand application architecture, and develop maintainable and scalable frontend solutions.

I am passionate about building intuitive user interfaces, writing clean and reusable code, and continuously learning modern frontend technologies. I am confident that my technical knowledge, practical experience, and willingness to learn will allow me to contribute effectively to your development team.

I would appreciate the opportunity to discuss my experience and demonstrate how my skills align with your organization's requirements.

Thank you for your time and consideration. I look forward to hearing from you.

Kind regards,
KARTHIKEYAN MANIKANDAN
